Dear Carol

**RE: *Draft Victorian River Health Strategy – Goulburn Broken CMA submission***

Please find attached the Goulburn Broken Catchment Management Authority submission to the Draft Victorian River Health Strategy.

The Authority would like to congratulate the Department of Natural Resources and Environment, and in particular the authors, in the preparation of the "draft" and welcomes the opportunity to make comment.

The policy is very comprehensive and is viewed as a positive step in guiding the future management of our vital water resources and fragile riverine systems.

The strategy covers the key aspects impacting on the quality of water and water environments.

Congratulations and thank you once again for the opportunity to contribute.

Yours sincerely
